World class ice cream from a small town in Maine!

- Gifford's has 100 unique ice cream flavors, frozen yogurts, sherbets, and sorbets, and each and every flavor is real New England. We source our fresh cream and milk from local dairy farms, and get our wild berries from just up the road—we don't take shortcuts, because we don't have to.
- Maybe that's why Gifford's Ice Cream has won awards across the country and around the world, including being named Ice Cream Grand Champion for 5 straight years at the World Dairy Expo. How great is that? We still can't believe it!
