Smoothest
Mouthfeel
Broad Range*

Create more with less time, effort, and weight of icing. Our aeration process allows us to achieve lower specific gravity than competitors, increasing yield and making our buttercremes easier to use.

Our fillings are manufactured with the highest quality ingredients in vast array of flavors and fruit cuts to accommodate a wide range of application needs, enabling you to create truly delicious bakery creations.

Our icing offers the smoothest mouthfeel thanks to our in-plant sugar grinding process, which provides the finest granulation commercially available.

Brill offers a broad of options to fit just about any application: for premium applications, think Crown; for baking with smaller cuts, choose Fruitful; for cost-effectiveness, pick Variety, and for clean ingredients, its always Simplicious.

World class ice cream from a small town in Maine!

- Gifford's has 100 unique ice cream flavors, frozen yogurts, sherbets, and sorbets, and each and every flavor is real New England. We source our fresh cream and milk from local dairy farms, and get our wild berries from just up the road—we don't take shortcuts, because we don't have to.
- Maybe that's why Gifford's Ice Cream has won awards across the country and around the world, including being named Ice Cream Grand Champion for 5 straight years at the World Dairy Expo. How great is that? We still can't believe it!

Oringer

A DIVISION OF CONCORD FOODS

THE ORINGER BRAND HAS A LONG STANDING TRADITION OF PROVIDING HIGH QUALITY STOCK PRODUCTS THAT ON-SITE PRODUCERS OF ICE CREAM AND MILKSHAKES HAVE TRUSTED AND RELIED ON SINCE 1918.

We have an extensive range of products – from ice cream bases, variegates, & toppings to milkshake and smoothie flavor syrups.

Oringer products are supported by a large distributor network covering the East Coast and beyond. Many ice cream shops have come to recognize the iconic orange Oringer label as a sign of quality and a brand you can trust to deliver quality ingredients.
