FARM FRY
#7302004

With their hand-cut style and incredible heat holding, Farm Fry hands down has the best flavor in a fry on the market today.

This unique farm-to-fork fry has an unbelievably tasty flavor with a golden brown textured crisp outside and mashed potato center that delivers big flavor and even bigger results.

Staying on menu trend with local and sustainable US produce, Farm Fry gives your chef and menu a direct link to our farm in Maine through our farm-owned and operated manufacturing plant.

A true down-home USA farm-to-fork item for any menu anywhere in the country.
