1. Remove desired number of frozen predeposited loaf cakes from freezer.
2. Carefully slit plastic covering and slide out the tray. Keep plastic to recover any unused batter before returning batter to the freezer.
3. Place frozen unbaked Preportioned loaves in their tins on a sheet pan in a 2x5 configuration.
4. Garnish before baking where appropriate and allow to thaw on pans 60 minutes before baking for best results.

Rack Oven: Bake at 340°-360° F with vent closed for 45 to 50 minutes or until done. **Convection Oven:** Bake at 325° F with FAN OFF for 10 minutes; turn FAN ON and bake an additional 45 to 50 minutes or until done.

Loaves are done when top springs back to light touch or a toothpick inserted in the center comes out clean.
