GREENWARE®
MADE FROM PLANTS

RENEWABLE • RESPONSIBLE • REMARKABLE

GOOD FOR THE EARTH, GREAT FOR BUSINESS!

FACTS

VERSATILE

Greenware products are entirely made from plants. No petroleum.

COMPOSTABLE

Greenware cups, lids, portion cups and on-the-go boxes are BPI certified to be 100% compostable in industrial facilities, which may not be available in your area. Not suitable for backyard composting.

MADE IN THE U.S.A.

Not only are you working hard for the environment, but you're also supporting the local economy with our U.S.-based manufacturing facilities.

RESOURCEFUL

Enjoy everything you can get in a traditional plastic package with a reduced environmental impact.

SUSTAINABLE

Our PLA products are made with Ingeo™ biopolymer, a PLA resin derived from annually-renewable plants.

CUSTOMIZABLE

Showcase your brand with our printing and embossing services. Create compelling, customized packaging-made for you.

STATS

2% of materials discarded in municipal waste streams were from paper and plastic foodservice packaging in 2013.

Source: Foodservice Packaging Institute
