

PRODUCT GUIDE

VERSION 5 | FEB 2020

Hello
world!

Lamb Weston® frozen potatoes provide clear operator benefits

We developed our frozen potato products with quality and our customers foremost in mind, and they're anything but run-of-the-mill. In fact, operators rank Lamb Weston frozen potatoes highest in overall performance¹ in: quality, taste, crispiness and consistency.

Why go for frozen potatoes? Easy — they save time and money without sacrificing flavor or quality. Frozen potatoes eliminate the need for labor-intensive, sometimes messy prep work in the kitchen and heavy reliance on individual staff members for quality control. With so many product options available, Lamb Weston offers the potato choices your guests want with the consistency and ease of preparation that you need.

Your success is our success; it's our goal to make your life easier.
